Making Impactful Connections

The AFNIS Roadshow: London, is aimed at linking African mining, oil and gas, and energy project developers with UK and European partners.

This high-powered event is a unique opportunity to explore high-potential projects from across Africa.

Thursday, December 4th 2025

10:00am – 5:00pm

99 Bishopsgate
London EC2M 3XF
United Kingdom

Event Highlights

High-Level Delegation

Featuring the Nigeria Investment Promotion Commission (NIPC), a Liberian Delegation for Climate Finance, Carbon Trading and Petroleum, alongside private sector CEOs.

Company spotlight presentations

Companies will make presentations highlighting their success stories and company value proposition to the participating attendees

Business to Business (B2B) sessions

Pre-arranged meetings with targeted attendees including project developers and senior executives of organisations.

Who should attend?

The Investment event is best suited for:

- **Project developers and financiers** looking to understand the project finance opportunities across resources and major infrastructure classes.
- **Frontier markets focussed funds** seeking to meet credible projects promoters
- **Capital markets players** interested to meet key decision makers that can help them identify opportunities and help them derisk their investments.
- **Consultants, lawyers** and buy and sell side advisors

One-day Agenda

10:00am - 10:30am
